Mèzè plates & bowls

DINNER’S READY!
ALL TOGETHER AT THE TABLE

Most of the MÈZÈ products are designed for the kitchen, the place where begins the ritual of a meal. However, the main inspiration of the MÈZÈ design is the table. In most cultures, tables are the place of intimacy and meeting of family and friends.

PLATES & BOWLS

The MÈZÈ ceramic tableware is manufactured in the best stoneware natural materials just finished with a transparent glaze: fine touch for a great meal.

Mèzè plates & bowls

The MÈZÈ plates & bowls are manufactured in fine stoneware, just finished with a very resistant transparent glaze, and they are available in different sizes. The plates can serve as a lid for the bowls. MÈZÈ plates & bowls are perfect for serving your food.
